ESP: GUANTE DE LÁTEX NO ESTÉRIL, AMBIDEXTRO PARA UN SOLO USO Y LIGERAMENTE EMPOLVADO.

Este producto contiene látex de caucho natural que puede causar reacciones alérgicas en algunas personas. Almacenamiento: conservar en un lugar fresco y seco. Evitar el calor excesivo, almacenar entre 10°C y 30°C. Una caja abierta debe estar protegida de la exposición directa a la luz solar o fluorescente. Los guantes de látex ofrecen una excelente barrera biológica. No están destinados a utilizarse como barrera química.

ENG: NON STERILE LATEX GLOVE, AMBIDEXTROUS FOR A SINGLE USE AND SLIGHTLY POWDERED.

This product contains natural rubber latex that can cause allergic reactions in some people. Storage: store in a cool, dry place. Avoid excessive heat, store between 10°C and 30°C. An open box must be protected from direct exposure to sunlight or fluorescent light. Latex gloves offer an excellent biological barrier. They are not intended to be used as a chemical barrier.

FR: GANT LATEX NON STÉRILE, AMBIDEXTRE À USAGE UNIQUE ET LÉGÈREMENT POWDRÉ.

Ce produit contient du Latex de caoutchouc naturel qui peut provoquer des réactions allergiques notamment un choc anaphylactique. Stockage: conserver dans un endroit frais et sec. Eviter la chaleur excessive 30°C, conserver entre 10°C et 30°C. Une boîte ouverte devrait être à l'abri de l'exposition directe au soleil ou à un éclairage fluorescent. Les gants en Latex offrent une excellente barrière biologique. Ils ne sont pas destinés à être utilisés en tant que barrière chimique.

DE: NICHT STERILE LATEX-HANDSCHUHE, BEILAGEN FÜR DEN EINMALGEBRAUCH UND LEICHT VERSTAUBT.

Diese Ware enthält Latex aus Naturkautschuk, der bei einigen Personen allergische Reaktionen auslösen kann. Lagerung: kühl und trocken aufbewahren. Übermäßige Hitze 30 °C vermeiden, lagerung zwischen 10°C und 30°C. Ein offenes Gehäuse sollte vor direkter Einwirkung von Sonnenlicht oder fluoreszierendem Licht geschützt sein. Latexhandschuhe bilden eine hervorragende biologische Barriere. Sie sollen nicht als chemische Barriere verwendet werden.

PT: LUVA DE LÁTEX NÃO ESTÉRIL, AMBIDEXTRO PARA UM ÚNICO USO E LIGEIRAMENTE EMPOEIRADO.

Este produto contém látex de borracha natural que pode causar reações alérgicas em algumas pessoas. Armazenagem: conservar em local fresco e seco. Evitar o calor excessivo 30°C, loja entre 10°C e 30°C. Uma caixa aberta deve ser protegida contra a exposição directa à luz solar ou fluorescente. As luvas de látex oferecem uma excelente barreira biológica. Não se destinam a ser utilizadas como barreira química.

IT: GUANTO IN LATTICE NON STERILE, AMBIDESTRO PER USO SINGOLO E LEGGERMENTE IMPOLVERATO.

Questo prodotto contiene lattice di gomma naturale che può causare reazioni allergiche in alcune persone. Conservazione: conservare in luogo fresco e asciutto. Evitare il calore eccessivo 30°C, conservare tra 10°C e 30°C. Una scatola aperta deve essere protetta dall'esposizione diretta alla luce solare o fluorescente. I guanti in lattice offrono un'eccellente barriera biologica. Non sono destinati ad essere utilizzati come barriera chimica.

LATEX This product contains natural rubber latex that can cause allergic reactions in some people.
